SOWING INSTRUCTIONS:

Step 1 – Buy the best Clover seed:

- Great lawns require Clover seed.

Step 2 – Prepare the soil:

- Remove debris, dead grass, and weeds.
- Aerate and/or loosen the top 25cm (1 inch) of soil.
- Before seeding, apply a starter fertilizer.
- Do not use weed killers before or after sowing.

Step 3 –Sow the Clover seed:

- Spread seed evenly. Existing lawns (1g/m^2) & New lawns (2g/m^2).

Step 4 – Cover the seeds:

- Lightly rake seeds into soil, 0.6cm (¼ inch) soil cover.

Step 5 – Water often:

Water lightly (don't saturate) & frequently (once daily).
